

*Our goal is to support our local neighbors in need and to give back to the Bitterroot community.*

A2Z Personnel is pleased to offer a monthly giving program where we will send an employee to provide 4-6 hours of specified household services to a select Bitterroot Valley community member who is going through a difficult time and could use a little extra help.

Types of help we can provide include:

Yard maintenance/mowing, house cleaning, organizing/packing, "handyman" fixes, running errands, etc.

If you or someone you know is facing a challenging time, please tell us a little about the circumstances and how we can help.
